Robert Louis Stevenson  
1850-94

Robert Louis Stevenson was a Scottish novelist, biographer, travel writer, and poet. He is best known for his adventure novels, including *Huckleberry Finn* and *Treasure Island*.

Stevenson was born in Edinburgh, Scotland, and spent much of his childhood in the Scottish highlands. He was a prolific writer, producing over 50 books and numerous short stories and essays.

Stevenson's writing was characterized by its adventurous spirit and its focus on the lives of ordinary people. He was a pioneer of the "picaresque" novel, a genre that combines elements of comedy, adventure, and social criticism.

Stevenson's most famous work, *Huckleberry Finn*, is a satirical novel that follows the adventures of a young boy named Huck Finn and a runaway slave named Jim. The novel is considered one of the greatest American novels ever written.

Stevenson's other notable works include *Robinson Crusoe*, *David Copperfield*, and *Strange Case of Dr. Jekyll and Mr. Hyde*. He was also a skilled travel writer, and his books *Travels with a Dog* and *Travels in Europe* are still popular today.

Stevenson died of heart failure in 1894, at the age of 44. He is buried in the New Churchyard in Edinburgh, Scotland.

Stevenson's legacy lives on through his many books and the countless adaptations of his works. He is remembered as one of the most important and influential writers of the late 19th century.

Stevenson's writing was a reflection of his own life, which was filled with adventure and discovery. He was a man who loved to travel and to explore the world, and his books are a testament to his spirit of adventure.

Stevenson's work is a reminder that even in the most ordinary of lives, there can be great adventures. His books inspire us to explore the world and to seek out the unknown.

Stevenson's writing is a treasure trove of stories and ideas, and it is a pleasure to read his work today. His books are a testament to his genius and to his enduring legacy.

Stevenson's work is a reminder that the world is full of wonder and discovery, and that we should always be looking for the next adventure.

Stevenson's writing is a gift to us all, and it is a pleasure to share his work with others. His books are a source of inspiration and joy, and they are a testament to his greatness.

Alcock and Brown

Alcock and Brown were the first to fly non-stop across the Atlantic Ocean. They flew from St. John's, Newfoundland, to Clontarf, Ireland, in 1919.

The flight was a remarkable achievement, as it was the first time that a plane had crossed the Atlantic without stopping. The flight took 19 hours and 21 minutes, and the plane was named *Vickers Vimy*.

Alcock and Brown were both pilots and engineers. Alcock was a pilot and Brown was an engineer. They were both members of the Royal Air Force.

The flight was a triumph for the British Empire, and it was a major step towards the development of long-distance air travel. It also showed that it was possible to fly across the Atlantic without stopping.

Alcock and Brown's flight was a landmark event in the history of aviation. It was a testament to their courage and determination, and it was a major achievement for the British Empire.
