 EUROPA 85

Versão Madeirense do cavaquinho (contrafone de dimensões reduzidas armado com 4 cordas simples), o Braguinha é talvez o mais importante instrumento musical da Madeira revestindo-se de carácter rural, popular, urbano ou mesmo burguês.

Tocado em ocasiões festivas de feição popular ou mesmo em tucas, levado para o Havaí ali originou o Ukulele com posteriores reflexos na música de jazz.
